

Headquarters in Singapore

Excellence in Semiconductors

PRODUCT LINE CARD

True Global Foundation for Your Sourcing Needs

Services

Bringing to you the best quality and services.

Our experience and expertise can solve your supply chain problems. Reduced cost, smooth production, and assured supply are just some of the reasons our customers depend on us.

- 1 Fulfill components shortages and locate Hard-to-find components
- 2 Drop in replacements at aggressive pricing resulting in better deliveries
- 3 Customized and Value-Added services for each clients
- 4 Excess Inventory Marketing. Turning your inventory into surplus
- 5 Same day response on RFQ or any other sales queries
- 6 Flexible credit terms subject evaluation and assesment

Quality Assurance

Quality Assurance is the Lifeline of our company

Vendor-Managed Program

All parts from Global Semi are procured directly from Manufacturers, authorized Distributor or OEM Excess stocks.

Certified Quality

ESD Protected Warehouse
Visual inspections and Authenticity screening.

Quality Control Audits

We have established internal quality processes and inspection that are at the forefront of quality control management.

ISO 9001:2008 Certified

Global Semi facilities are certified to ISO 9001:2008 International standard with a team of experienced staffs committed to continuous quality process improvement.

Through Distribution Channel

3Com	CUI	Linear Technology	Ramtron
ABIT	Cypress Semiconductor	Lite-On	Raychem
Abracon	Dallas/Maxim	Littelfuse	Renesas
